HERBAL ACTIVE INGREDIENTS

LIME FLOWER

Lime flowers have a soothing effect on the mucosa and promote sweating. They are therefore traditionally used for feverish colds. In addition, lime flowers are having a mild sedative effect.

- Promote sweating
- Relieve feverish colds
- Light calming effect

RIBWORT PLANTAIN

Ribwort plantain forms a protective layer over the inflamed or irritated mucous membrane of the mouth and throat and can thus relieve sore throats and dry coughs. The anti-inflammatory and immunostimulating effect additionally supports the recovery process during the entire cold.

- Relieve sore throat and cough irritation
- Sooth irritated mucous membrane
- Stimulate the immun system

MARSHMALLOW

Since antiquity Marshmallow is considered as a soothing plant for cough. The mucilage contained in the marshmallow enwrap the cough receptors in the throat, alleviate mucosal irritation and thereby reduce the urge to cough.

- Relieve cough irritation
- Sooth irritated mucous membrane
- Reduce the urge to cough
